The new iClean® mini turns tap water into a safe, effective cleaner and sanitizer stronger than bleach\* without the hazardous odors, fumes or toxic residues that come with traditional cleaning chemicals.

Simply with the press of a button, the diamond-coated electrodes on iClean® mini instantly create an oxidizing solution safe for people - yet tough on dirt, germs, and odors.

## CHARGE

Fully charged in just 60 minutes.  
Lasts for hundreds of sprays.

## FILL

QuickRelease reservoir opens easily.  
Use cold tap water only.

## SPRAY

Press power button to create  
safe oxidizing solution.  
Clean, sanitize, and deodorize.

## CARTRIDGES

Use SAO® cartridges to improve  
cleaning performance by 15%  
over aqueous ozone (AO) alone.

- ✓ Filters minerals in tap water
- ✓ Easy-to-use: install and replace in seconds
- ✓ Single pack of cartridges lasts a year

## APPLICATIONS

- Appliances
- Cutting Boards
- Stainless Steel & Chrome Surfaces
- Concrete, Terrazzo, & Stone
