

iClean® mini

The ALL-IN-ONE Solution

1.800.808.1723
www.tersano.com

Truly the ONLY product in the world that starts with water and oxygen, then turns into a powerful all-in-one cleaner, deodorizer and sanitizer then reverts back to water and oxygen.

All with the press of a button.

- Ideal for the home, office, travel and anywhere you go
- Cleans and sanitizes without toxins, residues, or fumes
- Protects people with allergies or sensitivities from the harsh effects of chemicals
- Fully-integrated, easy-to-use design
- No mixing, no pouring, no salt additives or other consumables required
- Safe for use around people and pets
- Tough on dirt, germs, and odors.

Safe to use on virtually everything.
